

## ***Driving Performance to the Workplace!*** ***Join Us for the Webcast***

### **Webcast Specifics:**

Thursday, February 28  
9:00-9:45am (CST)

[Click here to Register](#)

**ORACLE**  
PARTNERNETWORK

### **Building High Performance Workplaces on a Foundation of SOA and Web 2.0.**

The true value of SOA will be in how it empowers the information worker and increases the productivity of each and every employee.

Hear from thought leaders at Oracle on how to create **operational efficiencies** for your business by integrating **disparate applications** in a **common framework**.

We will detail how your company can build a high performance workplace by streamlining the manageability of your business applications and forever changing the way users interact with one another.

### **Agenda**

- What's a "High-Performance" Workplace?
- SOA & Web 2.0 - An Introduction
- SOA & Web 2.0 - An Introduction - Business Considerations
- SOA & Web 2.0 Convergence - Introducing Oracle WebCenter Suite
- Customer Case Study and Lessons Learned: Merrill Lynch Employee Portal

### **RSVP today to attend!**
